

ipfone
FAX

HOW DOES IPFONE FAX-BOX WORK?

- » Each IPFone Fax-Box appliance supports up to 4 fax machines.
 - » Each fax machine is assigned either a toll-free number or local number (we can also port numbers if required).
- » Simply plug the IPFone Fax-Box appliance into the desired fax machine and provide internet and power. That's it!

HOW MUCH DOES IT COST?

- » Each fax line runs \$30/mo which includes unlimited inbound/outbound faxing with no long distance fees within the continental US.
- » There is a \$150.00 one time activation charge.
